

August 14, 2012

Dear Jordan,

It has been a privilege to have you serve here at Real Life throughout this summer. From the very beginning you have distinguished yourself here as both a hard worker and a servant with a great attitude. Despite an excruciating schedule, you have faithfully fulfilled all the tasks we have asked of you and have done so willingly and pleasantly.

During your time here you handled two very large projects very ably. In spite of the fact that the TNT fundraiser was literally blown away by weather circumstances beyond your control, you were willing to carry on to the next duties without it sidelining you through disappointment. This was crucial with Vacation Bible School right around the corner. You dove into that responsibility with all your might and gave us great looking surroundings in which to have success for that week. Thanks so much for doing all of that.

I would have no hesitation in recommending you to any future prospective employers or ministries and hope this letter will serve not only for you to feel gratified but for others to understand your success while with us at Real Life. I am praying for a great fall semester for you and that the Lord will continue to guide you into all that lies before you. The future is bright for a hard working, faithful, intelligent young man like yourself and I look forward to seeing all that lies ahead.

Should you need anything further from me, please do not hesitate to contact me at any time.

Sincerely,

Pastor Todd Crofford
Sr. Pastor
